

# M183

American Ordnance LLC, operator of the Iowa and Milan Army Ammunition Plants, produces the M183 Demolition Charge for the U.S. Military and other State Department approved customers.

**USE:** The M183 demolition charge is essentially 16 M112 demolition blocks packed in a M85 carrying case. The M112 is used for all types of demolition and explosive ordnance disposal work.

**DESCRIPTION:** Eight M112 demolition blocks and two priming assemblies are packaged in a olive drab plastic bag. Two bags are packed in the olive drab carrying case. The M112 demolition block consists of 1.25 pounds of Composition C-4 (with taggant) packed in a Mylar-film container. A pressure sensitive tape is on one side of the block to assist attachment to the target. The M112 can be easily cut and molded to fit the specific target and can be initiated with a variety of energetic devices.

**SPECIFICATIONS:**

Type: Demolition  
Weight: 20.0 lbs  
Filler: Composition C-4

Demolition Block  
16, 1.25 Pound Blocks C-4
